Thanks Keith, and yes- I strongly recommend we meet on the 23rd in order to minimize the risk of adversely impacting the project schedule. Thanks, Jim.

Gentlemen,

This past Wednesday we discussed having a meeting on either the 23rd, 26th, or 27th of September to finalize the subject document. Either Bill Locke or Todd Martin is available to attend a meeting in Portland on any of those dates. Please let us know at your soonest convenience on which date you would like to meet. The LWG would prefer to meet on 9/23 to keep the process moving and to avoid impacting the TZW sampling schedule. We are shooting to get you the annotated cross sections by next Wednesday.

Keith
